First of all I would like to welcome Keith Marshal, and Grant Dixon to the executive as Directors and Toni Browning now as Past president and Director. Also, I thank Bill Shotton for letting his name stand for a Director position.

On Sat Oct 17, a few members went to Apps Mill. The colours were good, the day was damp, but everyone had fun getting their pictures. It will be interesting to see some of the images.

On Oct. 19 approximately 40 members went to Boshler Studio. It was a very interesting evening in seeing how commercial photographers have gone to the digital format.

The next general meeting will be evaluation night.

The next upcoming event is the Christmas Sale and Soup bowl event. Many of you have pickup cards to distribute to your friends, neighbours, and others. More are available for distribution should you run out. The event will be running on Nov 26 – 28. Please keep this open as volunteers will be required. Also, this a time where you can sell your work without the expense of advertising. The BAC however will want 15% of the sale.

Happy Clicking
Richard

HELLO FELLOW APPS MILL IMAGERS,

I'd like to thank you all for participating in the Apps Mill outing on the 16th. As you know we had a good turn out; approximately a dozen, and I hope you all achieved award winning images. Not only will I hope to see some results in the evaluations, but also for Joh Friedrich's next Photo Art group.

I like to think we had ideal weather conditions; brisk temperatures, intermittent precipitation, windy conditions and lighting that was conducive to autumn colours. Those elements made for some intriguing and creative photography. It seemed that everyone there found ample subjects to occupy themselves with.

Once again, the creek running beneath the bridge of the nearby sideroad, proved to be the highlight, as with both years it attracted a bevy of imaging activity. For those that participated, please let me know how your imaging endeavours turned out, and thank you once again for the support, and providing an enjoyable venture.

With Regards,
Ron Chalecki

At November's meeting we will demonstrate how to create your own greeting cards just in time for the holiday season. How to combine graphics, images, text, borders and frames to produce your own unique greeting. Then package it to fit a single 8½ X 11 sheet that will fit into a standard greeting card envelope.

One Day in the Life of Burlington Awards Ceremony - December 1st

This year we had 135 photographers going out all over Burlington to capture the day in our annual contest. Until December 1st no one will know how they did so be sure to come to the awards ceremony on the evening of December 1st at 7:00pm for the presentation of the prizes and opening of the exhibit of all the submitted images. This is always a great evening and a wonderful time is had by all.

Hope to see you all there...

Paul Sparrow
