FLOOD LIGHT FROM THE PREZ

Time flies when you're havin fun. One full year has gone by and I am still kicking since I took on the challenge of being your president. And a challenge it was. Sure enough, you want me to do it again. And I will. Already we are working on next year's program and events. Here is where we can use your help and input. Is there something about our programs we should change? Do you have a favorite speaker you would like to hear and see? Would you like to see a completely new program? Are you interested in coordinating a new program?

Take a look at our current program brochure. All those positions, except the board of directors, have to be filled by someone. If you are willing to continue in your current position, please let me know. If you are willing to take on one of these many positions, let me know. And, if you cannot do the job you have been doing next year, let me know. We had a good year because of those who made the effort to make it a good year. My heartfelt thanks go to all of you for your efforts.

FLOOD LIGHT FROM THE PREZ (continued)

A thank you is also extended to the members of your board of directors. All of them gave it their best shot to rally round the flagpole to make it all work smoothly. Their work goes on behind the scene and is not often seen for the effort required by them. I am looking forward to seeing the newly constituted board for next year. New ideas come with new people. I can't wait to hear them.

Summer is just around the corner, though the cold we have had recently is hardly conducive to those thoughts. Many of you will be going away on vacations around the world – with your camera equipment. I am looking forward to all of those new creations you will come back with. Try something different this summer. Challenge yourself to make images you have never done before. Put your own stamp on your images. We should have a fantastic feast viewing them at our varied programs next year.

Don't forget the sunscreen. It is supposed to be a scorcher.

Joh. Friedrich

FROM THE EDITOR'S DESK

Well, here we are at the last Newsletter before summer break and it will be my last Newsletter also. I have really enjoyed delivering this to you and I hope you have enjoyed the articles, pictures and debates.

I am leaving you in the very good hands of Dr. Pedro Pereyra. He was over last night and he is actually very good at doing this type of thing.

He is available at plpergon@cogeco.ca.

This will also be my last year as Secretary. I am not sure who the new one will be but, I am sure he or she will do well.

Thank you so much for all your help and support over the last two years. I will still be around.

Central Park Labyrinth

I thought you might be interested in this event ...It's a celebration regarding the labyrinth in Central Park.

A collaborative project:Central Park Labyrinth Community Group and the City of Burlington presents the unveiling ceremony at the Central Park Labyrinth site. Central Park Labyrinth is one of the first labyrinths in a public space and is one of the first wheelchair accessible labyrinths in all of Canada.
